2022

Founded in 1955 by a fifth-generation winemaker, Fournier Père et Fils has grown from a four-hectare micro estate to a leader in Sancerre and the Central Loire Valley. They produce top quality wine from entry level to single vineyard. The entire team is dedicated to keeping the terroirs in their best possible condition with sustainable practices. Sancerre may be famous for their white wine, but the Central Loire was growing Pinot Noir well before Sauvignon Blanc. The vines for this cuvee come from the Touraine area. As Burgundy prices soar, now is a great time to discover **high-quality, high-value** Pinot Noir from the Loire. Warmer temperatures have enhanced the grape's ripening potential, and Fournier is thrilled to work with the grape's demanding nature to coax out the forward fruit and mouthwatering acidity.
